A	Web	CDC	27 July 2021	Fully Vaccinated Guidelines

**Time Zone: India (KST)**

**1. Situation.**

a. There is a significant increase in the Republic of Korea (ROK) and 7th Air Force COVID-19 cases due to the increased prevalence of the Delta variant. It is 2-4 times more infectious than other COVID-19 variants and caused an increase in the volume of breakthrough cases in fully vaccinated personnel. The CDC revised their recommendations for fully vaccinated individuals on 27 July due to the increased risk of transmission.

**2. Mission.**

a. 7th Air Force and subordinate units will remain vigilant and include COVID-19 mitigation efforts in all risk management assessments to help prevent and control the spread of the virus.

**3. Execution.**

**a. Tasks to 7 AF units and Tenant units, effective immediately:**

1. Fully vaccinated individuals determined to be close contacts with a COVID-19 positive individual will enter Health Monitoring Status until they receive a NET day 5 negative PCR test. Additional COVID-19 testing may be required per Public Health recommendations.
2. There will be no change to the unvaccinated policies and procedures regarding close contacts.

**4. Administration and Logistics.**

a. Most current and up to date COVID-19 guidance can be found on the CDC website: [www.cdc.gov/coronavirus/2019-ncov/vaccines/fully-vaccinated.html](http://www.cdc.gov/coronavirus/2019-ncov/vaccines/fully-vaccinated.html)
